Dear Ms. Dortch:

On behalf of Decatur Telephone Company ("Decatur"), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.<sup>1</sup> Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.<sup>2</sup> The redacted version is being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company's Five-Year Service Quality Improvement Plan Progress Report required by Section 54.313.<sup>3</sup>

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall

**Re: WC Docket No. 14-58  
2016 ETC Annual Report of Decatur Telephone Company  
Study Area Code 280451  
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Decatur Telephone Company (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,<sup>1</sup> withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).<sup>2</sup>

1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").<sup>3</sup>
2. Pursuant to Section 54.313, Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report") which is contained in the attachment to the 2016 Report.<sup>4</sup>
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Progress Report provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

---

<sup>1</sup> 47 C.F.R. §§ 0.457, 0.459.

<sup>2</sup> 47 C.F.R. § 0.459(b)(1) through (9).

<sup>3</sup> 47 C.F.R. §§ 54.313, 54.422.

<sup>4</sup> 47 C.F.R. §§ 54.313.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."<sup>5</sup> The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing

<sup>5</sup> See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

Request for Confidentiality

the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Progress Report provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information

**Compliance for Voice and Broadband**

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”<sup>2</sup> The Commission found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.<sup>3</sup> In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”<sup>4</sup>

Decatur Telephone Company (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of the Mississippi Public Service Commission which disclose rates, terms, and conditions of service to customers; (2) adherence to state consumer protection requirements governing telephone

**Response to Line 610 - Ability to Function in Emergency Situations**

Decatur Telephone Company (“Company”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)<sup>1</sup> and in accordance with the orders in Mississippi Public Service Commission Docket No. 2005-AD-662. The Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a) (2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically in accordance with the orders in Mississippi Public Service Commission Docket No. 2005-AD-662, Decatur Telephone Company has a reasonable amount of backup power to ensure functionality without an external power source and is able to reroute traffic and manage traffic spikes. In addition, Decatur Telephone Company has comprehensive emergency operations plans in place and will adhere to FCC reporting requirements regarding outages and provide copies of such reports to the Mississippi Commission upon request.

The company’s standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

---

<sup>1</sup> Section 54.202(a) (2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

**Response to Line 920- Tribal Engagement Obligation**

Decatur Telephone Company (“Company”) serves the Mississippi Band of Choctaw Indians (“Tribe”). The Company reached out to the Tribe to engage in discussion about the Tribe’s needs assessment and deployment planning with a focus on Tribal community anchor institutions, feasibility and sustainability planning, marketing services in a culturally sensitive manner, rights of way, land use permitting, facilities siting, environmental and cultural preservation processes, and compliance with Tribal business and licensing requirements per the requirements of 47 C.F.R. §54.313(a)(9).

Via U.S. Mail, Return Receipt Requested

June 20, 2016

Harlon D. Bell, Chairman  
Mississippi Band of Choctaw Indians

\_\_\_\_\_  
\_\_\_\_\_

Dear Mr. Bell:

Decatur Telephone Company (“Decatur”), an independent telecommunications provider serving rural areas in Mississippi including the tribal areas of the Mississippi Band of Choctaw Indians, wishes to engage with the tribal government about some potential opportunities for broadband expansion on tribally-owned lands within our service area. Decatur has been providing voice telecommunications and broadband services to members of your community for many years and we are interested in learning about any additional telecommunications needs that your community may have.

In November 2011, the Federal Communications Commission (“FCC”) comprehensively reformed the Universal Service Fund (“USF”) which helps companies like Decatur provide state-of-the-art communications services in high-cost and rural areas. Among the reforms, the FCC adopted a rule requiring Eligible Telecommunications Carriers who receive high-cost USF support to engage with tribal leaders about broadband deployment on tribally-owned lands and report annually on five specific outreach activities. In July 2012, the FCC’s Office of Native Affairs Policy (“ONAP”) issued specific guidance on outreach and engagement activities between telecommunications providers and Tribal governments. These initial outreach and engagement activities must take place by the end of each year.

Given our history of providing telecommunications services to your community, Decatur is pleased to invite you and other leaders from the Mississippi Band of Choctaw Indians government to discuss additional ways that we can meet your telecommunications and broadband needs. Specifically, Decatur would like to discuss the following items:

- Needs assessment and deployment planning focused on anchor institutions (such as schools, libraries and health centers);
- Feasibility and sustainability planning;
- Marketing services in a culturally sensitive manner;

- Rights of way, permitting, facilities siting, environmental and cultural preservation processes;
- Compliance with tribal business licensing requirements.

Decatur is interested in learning whether your community has any specific broadband needs that our company may be able to meet, depending on the scope and scale of the project. For example, are there any members of your community within our service area who currently do not have access to broadband? Are there any needs such as distance learning or tele-medicine that Decatur could help facilitate? How can Decatur improve upon the services that we already provide to your tribal facilities in our service area? We also want to make sure that we continue to respect your cultural heritage, property rights, business customs, and any other rules and procedures of your government.

Decatur has been serving the area for over 54 years. We are dedicated to serving and employing members of our community and we want to ensure that the individuals and businesses of the Mississippi Band of Choctaw Indians are served as best as possible.

Decatur extends this invitation to set up an in-person meeting or conference call with members of your tribal government at your earliest convenience. Please contact me at 601-635-2251, [stephen@decaturtelephone.com](mailto:stephen@decaturtelephone.com) . We look forward to discussing this important issue with you.

Sincerely,

Decatur Telephone Company

#### LOW-INCOME ASSISTANCE PROGRAMS

##### General

The Company, as part of its obligations as an Eligible Telecommunications Carrier, offers two (2) low-income assistance programs. These programs, Lifeline Assistance and Tribal Link-Up, are offered under the terms and conditions provided below:

(T)

##### Lifeline Assistance

###### A. General

Lifeline Assistance is a retail service offering available to qualifying low-income subscribers, as provided for below. Lifeline Assistance enables eligible subscribers to pay reduced charges for the following package of services: voice-grade access to the public switched network; local usage; dual-tone multi-frequency signaling or its functional equivalent; access to emergency services; access to operator services; access to interexchange service; access to directory assistance; and toll blocking. An eligible customer receives credit for the Low-Income Assistance Program pursuant to FCC Order 12-11 and pursuant to MPSC Docket 2007-AD-487.

(T)

(T)

###### B. Regulations

1. Unless other eligibility requirements are established by the Commission, Lifeline Assistance is available to all residential subscribers who participate in one of the following programs:

- a) Medicaid,
- b) Supplemental Nutrition Assistance Program (SNAP), formerly known as Food Stamps,
- c) Supplemental Security Income (SSI),
- d) Federal Public Housing Assistance (FPHA),
- e) Low-Income Home Energy Assistance Program (LIHEAP),
- f) Temporary Assistance for Needy Families (TANF),
- g) National Free Lunch Program's Free Lunch Initiative (NFLP).

(T)

##### Income-Based Criteria :

Household gross monthly income that does not exceed 135% of the Federal Poverty Guidelines

2. Each subscriber to Lifeline Assistance must certify in writing to the Company, under penalty of perjury, that he/she receives benefits under a program outlined in sub-paragraph B.1., above, and must, on the same document, agree to notify the Company if he/she ceases to participate in the program(s). The certification form shall conform to the requirements described herein, and shall be made available upon request to any subscriber. The Company shall retain all such subscriber certifications pursuant to FCC Order 12-11 in order to furnish proof of subscriber eligibility as may be required from time to time by Universal Service administrators.

#### LOW-INCOME ASSISTANCE PROGRAMS (Continued)

##### Lifeline Assistance (Continued)

##### B. Regulations (Continued)

7. Lifeline Assistance will not be disconnected for non-payment of toll charges, however, in the event toll charges are not paid within 10 days of the mailing of the Company bill, the Company will implement Toll Blocking immediately thereafter. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for non-payment of toll charges. Lifeline Assistance will not be connected if an outstanding balance is owed by the customer for local service.
8. The Company may not collect a service deposit in order to initiate lifeline Assistance if the qualifying low-income subscriber voluntarily elects toll blocking from the Company, where available. If toll blocking is unavailable, then the Company may charge a service deposit.
9. Tribal customers eligible under Lifeline are also eligible for connection assistance under the Tribal Link-Up program. (T)
10. Only one Lifeline service is available per residential household pursuant to FCC Order 12-11. A household is any individual or group of individuals who are living together at the same address as one economic unit. A household may include related and unrelated persons. An "economic unit" consists of all adult individuals contributing to and sharing in the income and expenses of a household. An adult is any person eighteen years or older. If an adult has no or minimal income, and lives with someone who provides financial support to him/her, both people shall be considered part of the same household. Children under the age of eighteen living with their parents or guardians are considered to part of the same household as their parents or guardians. A household is not permitted to receive Lifeline from multiple providers. (T)
11. A Lifeline customer may subscribe to any local service offering available to other residential customers.
12. The PIC charge will not be billed to Lifeline customers who subscribe to toll blocking and do not presubscribe to a long distance carrier.

##### Tribal Link-Up

(T)

##### A. General

The term "Tribal Link-Up" means an assistance program for eligible residents of Tribal lands seeking telecommunications service from a telecommunications carrier that is receiving high-cost support on Tribal lands, pursuant to subpart D of FCC Order 54.413 and pursuant to FCC Order 12-11. Tribal Link-Up provides a reduction in the Company's customary charge for commencing telecommunications service for a single telecommunications connection at a subscriber's principal place of residence. Tribal Link-Up is provided to eligible subscribers in addition to Lifeline Assistance. Charges assessed for commencing service include any charges that the Company customarily assesses to connect subscribers to the network. These charges do not include any permissible security deposit requirements.

##### Income-Based Criteria :

Household gross monthly income that does not exceed 135% of the Federal Poverty Guidelines

2. Each Tribal Link-Up subscriber to Lifeline Assistance must certify in writing to the Company, under penalty of perjury, that he/she receives benefits under a program outlined in sub-paragraph B.1., above, and must, on the same document, agree to notify the Company if he/she ceases to participate in the program(s). The certification form shall conform to the requirements described herein, and shall be made available upon request to any subscriber. The Company shall retain all such subscriber certifications in order to furnish proof of subscriber eligibility as may be required from time to time by Universal Service administrators.
